

## Business Logo Sign Details

Mainline

Ramp

### Mainline, Ramp and Trailblazer Business Logo Sign

The mainline, ramp and trailblazer business logo signs shall be fabricated from a single sheet of 0.080" thickness, 6061-T6, 5052-H38 or 5154-H38 aluminum. The aluminum shall be treated before applying the reflective sheeting in accordance with the SCDOT Standard Specifications.

### Reflective Sheeting

Type II Encapsulated Lens Sheeting (High Intensity) shall be applied with mechanical equipment in accordance with the manufacturers' specifications.

### Logo Art Designs

All logo art designs must be approved by SCDOT. The minimum letter size for mainline business logo panels is 10" and 5" for ramps and trailblazers except that any legend on a symbol or trademark shall be in proportion to the size of the symbol or trademark.
